Gentlemen

Your staff reviewed and approved as is, the document entitled ~~Draft Technical Memorandum~~ (TM) No. 2, ~~Operable Unit No. 2~~ Subsurface Interim Measure/Interim Remedial Action, Soil Vapor Extraction Pilot Test, Off Gas Treatment Alternatives Evaluation, dated May 20, 1994. Since the Environmental Protection Agency's staff had no comments on the TM and the State's June 17, 1994 letter provided concurrence on the selection of the proposed thermal oxidation process, please consider the May 20, 1994 draft version of the document as the final document.

If you have any questions, please contact Scott Grace at 966-7199

Sincerely,

Steven W Slaten
IAG Project Coordinator
